Rockwood Boulevard combines social and community goals to transform an isolated and distressed site into a vibrant neighborhood. At the heart of the six acre site is a street lined with local business creating an atmosphere bursting with activity and unique flavor. The street is small in scale, will numerous opportunities for shop owners to customize their storefront, creating a sense of ownership. Serving the basic needs of the community are two large anchor stores on either side of Rockwood Blvd. A community center offers programs for children and a local gathering place. Much needed recreation and green space is offered by the park with covered pavilion and seating. Chairs get pulled onto front porches. Grassy open spaces become impromptu soccer fields. Homes welcome neighbors and friends. Rockwood Blvd facilitates a growing sense of pride among the residents in something as simple as a place to call their own.
